Reference		Effective Date	26 th May 2022
Author	Naomi Mildenhall (Clerk)	Review Date	2023
Status	Adopted	Last Review	
Minute reference	2022/10	Version	1

Purpose

The Parish Council should not retain documents longer than necessary. Timely disposal should be undertaken to ensure compliance with the Data Protection Act 1998 so that personal information is not retained longer than necessary. This will also ensure the most efficient use of limited storage space.

This policy applies to all records and documents created, received or maintained by the Parish Council in the course of carrying out its functions. Records and documents are defined as physical or electronic pieces of information that are created, received or maintained by the Parish Council in the course of its duties that provide evidence of its decisions, activities and transactions.

Under the General Data Protection Regulation 2016/679 and Freedom of Information Act the Parish Council is required to maintain a retention schedule listing the records which it retains in the course of its business and the process for deleting or destroying records when they are no longer needed. The table below indicates the record type, minimum retention period and reasons for retention. The Parish Council is aware that some of its records have historical value and it seeks to keep these documents indefinitely.
