

PA Media payment:

At the December meeting, the PC noted the demand for payment of £337.50 from PA media for the unauthorised use of a copyrighted image in the website. The PC resolved to offer £35.99 as a reasonable settlement. This was put to PA Media, the rationale being the prices advertised, the low level of traffic on the site and the genuine good faith mistake made. The PC's modest financial turnover was also emphasised to PA Media. PA Media has declined this offer but has agreed to reduce the claim to £50 as full and final settlement. It is therefore proposed to settle with PA media at £50.

Hello Guy

Thank you for sending this across.

As a gesture of goodwill, I have now reduced our settlement request to £50. This will ensure you are covered for your past use of our image.

All the best

Adrian
